

# SUSTAINABILITY PLAN IMPLEMENTATION

## Vision

To build and operate sustainable transit infrastructure that keeps communities connected, protects and restores our natural systems and environment, and helps grow a vibrant economy.

## Sustainability Goals

**GREENHOUSE GAS (GHG) EMISSIONS/ CARBON NEUTRAL**  
Carbon neutral by 2040, consistent with Austin Climate Equity Plan.

**ZERO WASTE**  
90% reduction of waste to landfills by 2040, consistent with City of Austin Zero Waste Strategic Plan.

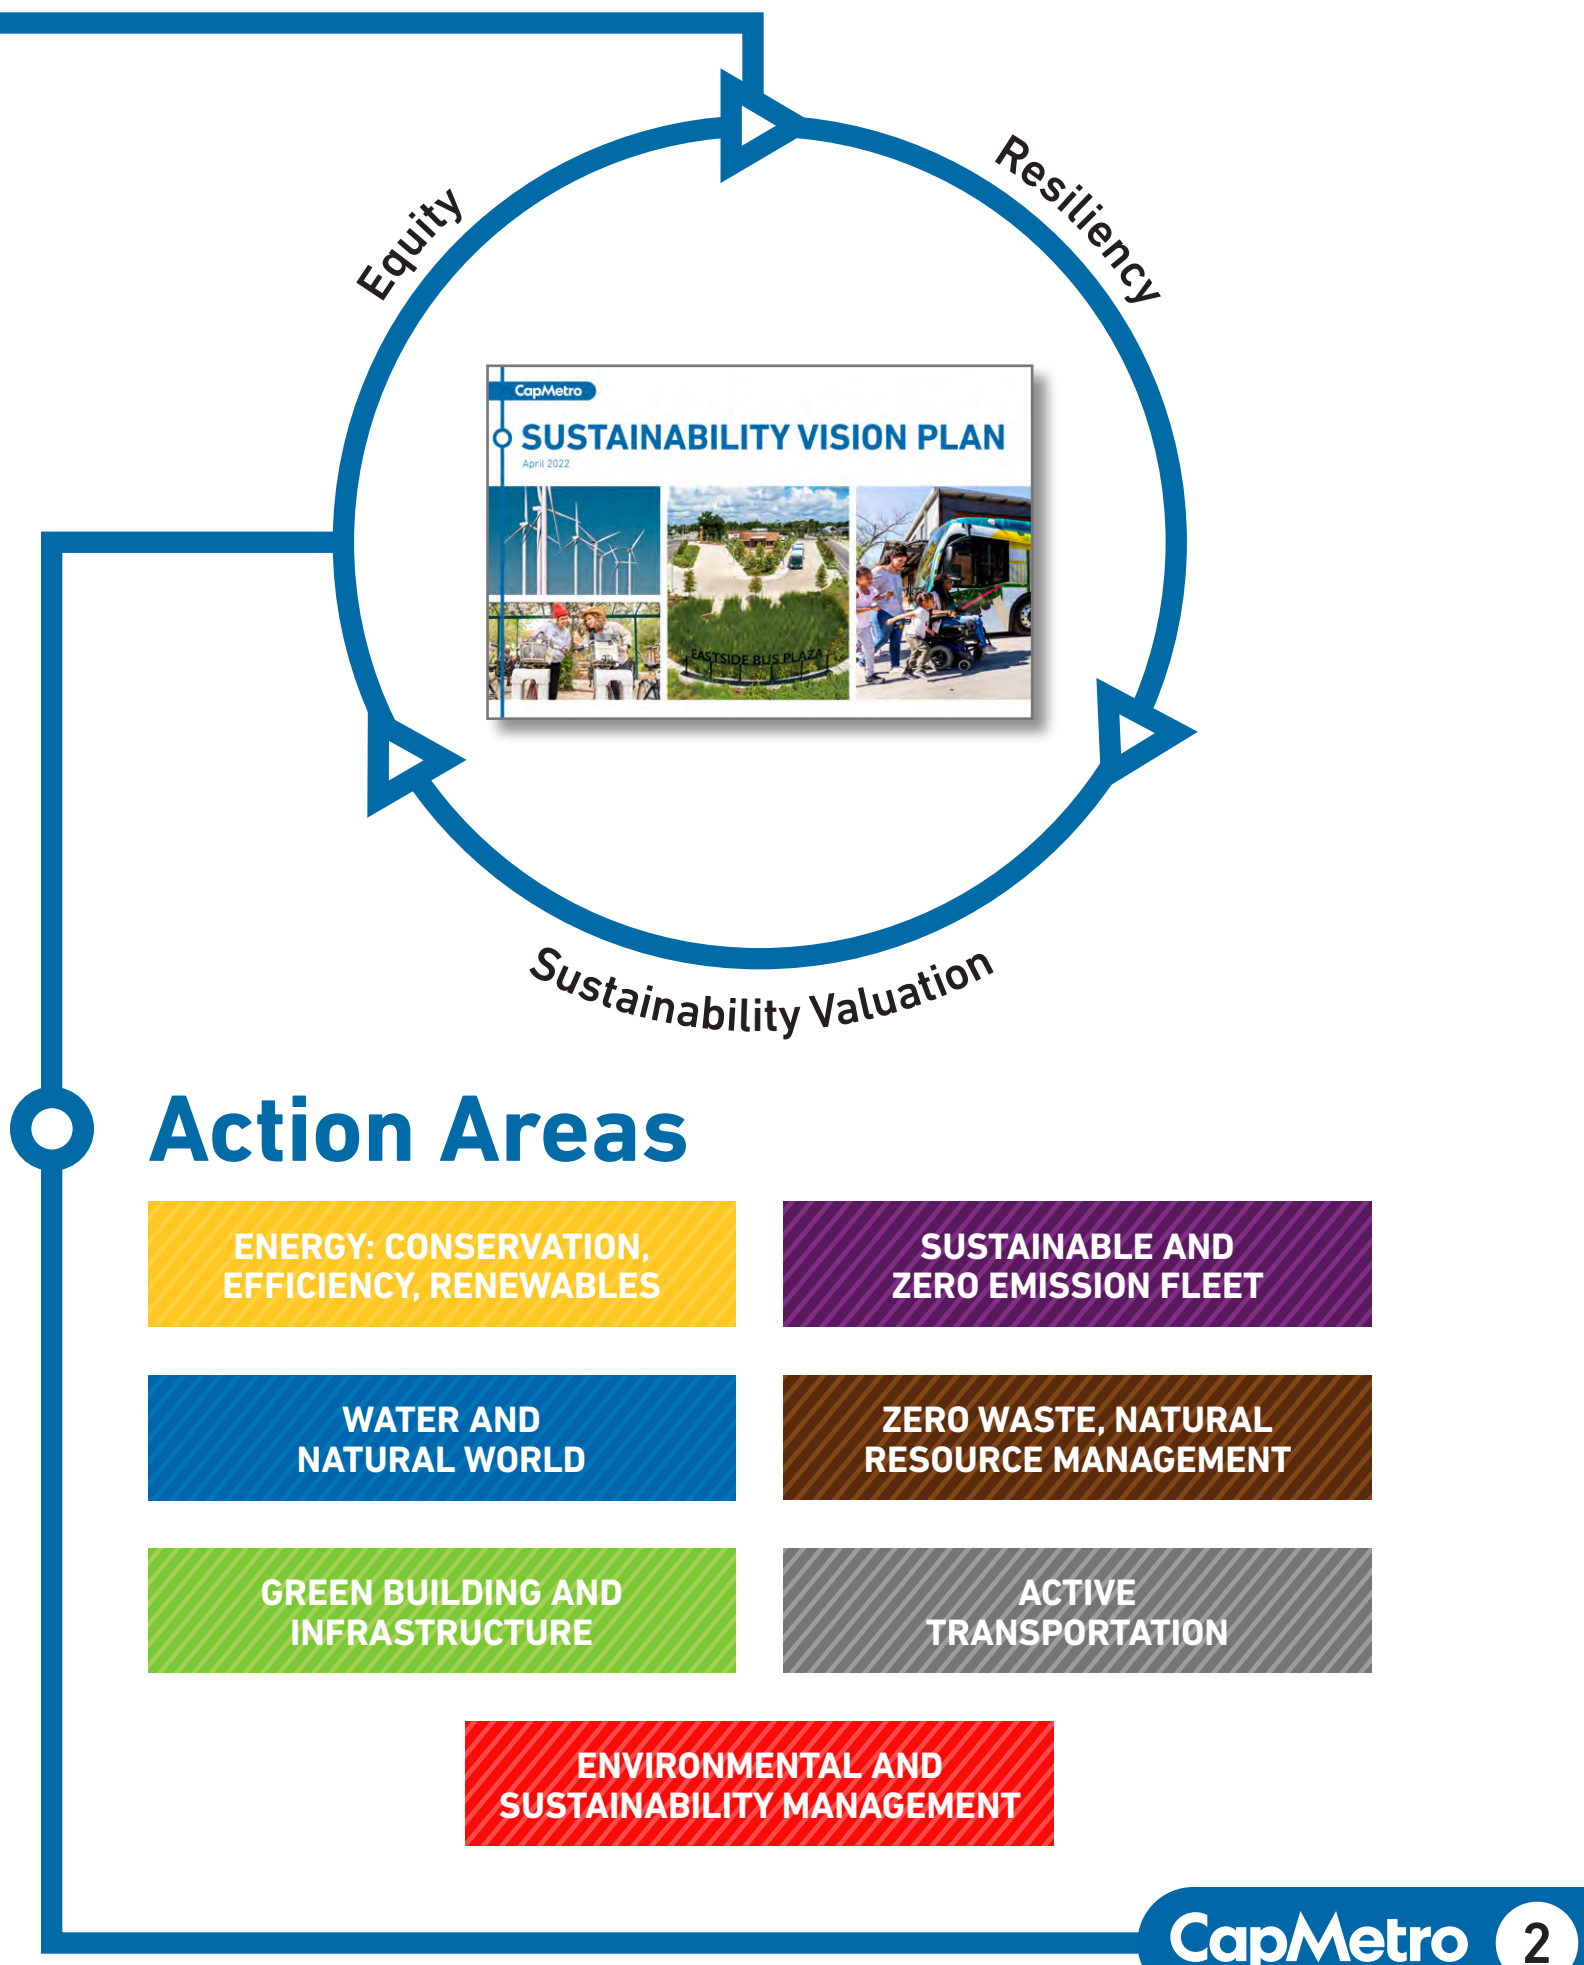

**WATER AND NATURE**  
Sustainably manage water resources and enhance nature and natural systems through conservation and green infrastructure.

**SUSTAINABLE BUILDINGS AND INFRASTRUCTURE**  
Use sustainable design guidelines and rating systems (Envision, Austin Energy Green Building, LEED) to guide all capital projects.

**EQUITY AND LIVABLE COMMUNITIES**  
Leverage transit resources to enhance sustainability, connectivity, and access to opportunities; and create livable places, especially in historically disinvested communities.

## Action Areas

- ENERGY: CONSERVATION, EFFICIENCY, RENEWABLES
- SUSTAINABLE AND ZERO EMISSION FLEET
- WATER AND NATURAL WORLD
- ZERO WASTE, NATURAL RESOURCE MANAGEMENT
- GREEN BUILDING AND INFRASTRUCTURE
- ACTIVE TRANSPORTATION
- ENVIRONMENTAL AND SUSTAINABILITY MANAGEMENT
